Unusual solutions for you and your home

FUNCTION

MULTI FUNCTIONAL REMOTE CONTROLLER

Evaporator self-cleaning (SELF CLEAN), constant heating 8 °C (HEATING 8 °C), temperature sensor (FOLLOW ME).

WIDE RANGE OF OPERATING TEMPERATURES

The air conditioner has a wide range of outside operating temperatures: -15÷50 °C in cooling mode and -25÷30 °C in heating mode.

WI-FI STANDARD

Thanks to the Wi-Fi module the air conditioning can be controlled with the use of a mobile phone or tablet.

COMPRESSOR AND CONDENSATE TRAY HEATERS

The compressor crankcase heater prevents refrigerant absorption by the oil that may occur when the temperature drops. The drip tray heater supports the air conditioner's operation in the heating mode by preventing the drip tray from fouling, thus improving its efficiency and minimizing the risk of fan failure.

WIRED CONTROLLER (OPTION)

In addition to the standard wireless remote control, there is an option of connection via wired remote control.

TECHNICAL DATA

MODEL INDOOR	AWX-09KTHI	AWX-12KTHI	AWX-18KTHI	AWX-24KTHI
